That does answer my question. And yes, I do need copies of the TDD when you get time.

Thanks so much.

So far for START, the Region has initiated two TDDs for the Gold King Mine Spill, both under the Weston contract's Task Order 1. The main TDD has a funding ceiling of \$1,500,000 and the Command Post TDD has a ceiling of \$6,000. Does that answer your question? Would you like copies of the TDDs?

**Will can you tell me how much you have obligated/committed to the Gold King Mine Spill? I am showing \$1,500,000. Is that correct? I have nothing to document this and that's what I am looking for.**

**Thanks**
